**Brown County Parks:**

In August, BC Parks rented a large overhead mover to cut back the vegetation along the shoulders of the trail. This also helps at intersections so we have wide sight lines for crossing roadways thus preventing accidents. Thank you Brown County Parks staff for taking such good care of the trail.

So make sure you have purchased your 2021 trail pass for your fall biking excursions. If you buy the WI Trail Pass from Brown County Parks, most of the money stays here to fund these kinds of maintenance operations. You can even buy a pass if all you do is walk your dog on the trail. Every pass sold helps.

They are easy to buy with options like the Ventek machines along the trail, in person at the BC Park office in Suamico and on line.
